

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

The service offered by Speech and Language Pathologist Tracy was excellent! Livie looked forward to working with Tracy every week and was very excited to see her. Tracy did an excellent job and provided feedback on Livie's progress.

Occupational Therapist JanDee is amazing! Holden is excited to see her every week. She makes things fun for him which he loves. I don't even think he knows he's working. She's always on time which is huge for us, as we have such a busy schedule. I like how she sees potential and challenges and pushes Holden to meet his goals. I could go on and on! We love JanDee.

What a pleasure it is to work with Pediatric Vision Screener Katie. THANK you for making this screening available to our students at Bethany.

Hedley is absolutely a great Speech and Language Pathologist to be working with my son and is able to interact and relate with him to optimize his learning .I appreciate the advice she provides to me to better work with him at home. She utilizes his strengths and makes him look forward to his next session with her.
