

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Chrystalyn is such an amazing Occupational Therapist! She does a very good job working with my son. She has given us many activities to try and they have helped my son develop more skills. We've seen progress since working with Chrystalyn. I'm incredibly thankful for this program and for such an amazing person to work with.

Pediatric Vision Screener Dina's interaction with the children was amazing. We are so pleased and grateful for this program. We now have two children who wear glasses who might have never been diagnosed. Thank you.

We had a wonderful experience with Ms. Jocelyn, the Speech and Language Pathologist. She had a warm, gentle and encouraging way about her and she was very patient with Charlie. She seems to love her job and enjoys working with kids. She was flexible with meeting times and locations and we appreciated her efforts very much. We miss her now! Thank you so much

I could not say enough great things about our Occupational Therapist Mindy. She was simply the best. Such a kind, loving and comforting therapist. She is a wealth of knowledge and she helped our family learn so much. We always looked forward to her visits. She was always understanding with our schedule and went out of her way to accommodate us. We miss her and are so thankful for her with helping our son reach his goals!
