

As a recipient of this Scholarship, I have been able to attend the college of my dreams in order to complete my education and receive a degree in Computer Science. I plan to obtain a position as a Network and security specialist, where I will keep the company and their sensitive information safe, by stopping hackers and doing the best I can in the industry. I would not have been able to afford college or reach my educational goals without this scholarship, for which I am extremely grateful.

I really appreciate that you chose me to receive this Scholarship. You funded my future, and I will continue to make you proud by doing good in the computer science/network and security industry. Thank you!!
