

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

My daughter has learned more words and has been able to use and put words together to communicate. She has come along way since receiving Speech and Language Pathology from Monica. She is an awesome teacher and is great with my daughter.

Pediatric Vision Screener Juliana was professional, sincere and very good with the children. This was a positive experience for all of us. I am an Elk member and I appreciate these programs.

* * * * *

Speech and Language Pathologist Hedley is truly a blessing and works incredibly well with our daughter. Appointments are always kept and we are looking forward to continue working with Hedley. We have seen great improvement already in our daughter's speech.

* * * * *

Speech and Language Pathologist Cori is a wonderful person. She is great at her work and my daughter gets a lot of help with her ADHD in ways that I couldn't think up myself. Cori listens well and is very creative with teaching my daughter. She is so excellent. Thank you so much for your program and for Cori.

Occupational Therapist Pam is very helpful and consistent in her work with Sean. She was open and good about talking with me and was well respected by Sean. Her demeanor was always professional and generous and helpful.

We didn't know my daughter had a speech issue and our son's Speech and Language Pathologist Jocelyn expressed that our daughter may need some help too. My only regret is not getting her into the program earlier because she probably would have made so much more of an improvement. This program has benefited our family so much and we can't thank you enough.
