

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Pediatric Vision Screener Dina was extremely polite and professional. We enjoyed having her here to test the children's vision. We will be planning on doing the screenings yearly.

We continue to enjoy our services with Speech and Language Pathologist Hedley. Kamaha'o looks forward to the services. Sometimes Aunty Hedley is our bribe to go to school on days that are a rough morning. Hedley is very prompt, helpful and engages well with Kamaha'o. She gives homework and positive reinforcements.

Pediatric Vision Screener Elizabeth is a great asset to the California-Hawaii Elks Major Project and our headstart program. Her enthusiastic spirit calms the children to administer vision screenings with ease. She continues to be an asset to our program and I enjoy collaborating with her. She truly has a passion for the vision and caring of our children we serve.

We absolutely love Occupational Therapist Sheila! Nathan responded to her very well. She was completely successful in getting him to relax and separate his legs which is amazing! I now work daily on getting more range of separation with his legs I did not think this would ever be possible. We will miss her! Thank you for all the years of teaching us.

We have had an excellent experience with Speech and Language Pathologist Hedley. She has not only helped Ryker with his speech but has taught our family so many things to make all of us better and working with Ryker. Hedley has made a tremendous difference in our lives.
