Physical Therapist Lea is doing a great job with Scarlett! She took the time to build a relationship with her and worked at Scarlett's pace at the beginning. They are able to accomplish much more in each session. Lea is also very patient with our three year old.

Speech and Language Pathologist Tracy did a great job while working with my daughter Nicole. Tracy always kept her professional service while working with Nicole. Tracy is a great speech therapist that I would recommend. If in the future we would need a therapy session we would like for Tracy to come back.
