Speech and Language Pathologist Tracy was awesome with Layne and she jumped leaps and bounds with the short time that Tracy worked with her. Layne just needed a little nudge and she was able to sprout! Thank you for an amazing program!

We totally appreciate and love Occupational Therapist Chrystalyn for all she has done for Kaylee and how far Kaylee has come since starting therapy. We also appreciate that we can still call Chrystalyn for support and ideas going forward. Thank you Elks Major Project and Chrystalyn.

Pediatric Vision Screener Juliana was very professional and especially good at working with our young children, engaging with the children and good at getting them to follow her instruction, even with children who had not previously had their vision screened. Thank you for providing this service.

Speech and Language Pathologist Hedley is absolutely great. She is warm and inviting I have no problem communicating with her. She is very attentive to my concerns and always gives suggestions to alternative if any are needed. My child looks forward to his sessions with her. I am very pleased to have her as our Pathologist.
