

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Occupational Therapist Chrystalyn is incredibly compassionate and experienced in the difficult realm of feeding therapy. She has remained positive and supportive through the difficult / scary journey. We are very thankful to have her.

Pediatric Vision Screener Kimberly was friendly and engaging with the children. She took time to ensure the children felt comfortable and at ease. She identified two children with potential vision concerns. Both families were appreciative of the screening and early detection. She was efficient and communicative. We are so grateful for the California-Hawaii Elks screening program.

Ms. Hedley, Speech and Language Pathologist was amazing, kind, professional and just wonderful to work with! No complaints here. We (Shazelle and I) couldn't of had anyone better. Shazelle really enjoyed, and loved her. We are going to miss her dearly when we move to Wisconsin.

JanDee has been wonderful! Since working with Finley, he has been happier and made progress in several areas. Occupational Therapist JanDee also helped with choosing some adaptive equipment and positioning which has been helpful. Finley (and we all) loves her and her approach and techniques she uses. Thank you so much!
