

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Occupational Therapist, Jamie, is great with our child! While it has taken our daughter a little time to warm up to her, Jamie was still able to find a way to work with her meaningfully even when my daughter was being a little difficult.

Physical Therapist, Lea, is great! I love that when Damian becomes overwhelmed she gives him a little bit of a break to calm down. Always willing to answer any questions even if I think of them outside of our scheduled time.

We are very grateful for your program and services. My daughter likes the lessons and she has made a lot of progress. Speech and Language Pathologist, Jocelyn has exceeded our expectations. We are in communication from one lesson to the other lesson and she sends to us additional material if needed according to my daughters needs. She is very patient, sweet and efficient. Every lesson is fun, creative and meets the goals for my kid's language difficulties.

Michelle is a wonderful Occupational Therapist. She is great at helping us develop a plan that has helped baby girl Navarro progress developmentally. We are so grateful that the California-Hawaii Elks Major Project is available for children in need! Thank you for providing this much needed service.
