

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We love Physical Therapist Lea. Lea is kind and caring. She makes sure Rose is happy and safe during our time together. Lea is a ray of sunshine!

Our daughter now likes to mix three different kinds of food together. Michelle, Occupational Therapist, really helped us with our daughter and we appreciate her so much.

Our family is benefitting immensely from the services being provided by this wonderful program. We needed at home and in person feeding therapy for our son and JanDee's weekly sessions have provided essential assessment, evaluation, and intervention. Together we are making steady progress and learning how to meet our son's special needs. Thank you so much Occupational Therapist JanDee.

Speech and Language Pathologist, Jocelyn, is absolutely wonderful with Colin. She has trained us well in how to help our son develop his speech. She is also always so sweet and attentive with him. Jocelyn brings our house so much joy; we appreciate how much effort she puts into each session. Her thoughtful activity preparation is incredibly appreciated.
