Occupational Therapist Valerie is amazing with our son. She has given so many quality suggestions for us to do and have. Our son has progressed so much and much of that is due to Valerie's guidance and therapy.

Lisa is a wonderful Physical Therapist. Her vast knowledge of therapy intervention is applied efficiently and effectively to help our daughter progress with her mobility goals. Lisa is also very professional and has great communication regarding all appointment times and plans for Sierra. She is an amazing asset to our community and your team.

Daniel enjoyed working with Hedley, Speech and Language Pathologist, and he looked forward to our sessions with her. Hedley made the sessions fun, engaging, interactive, and enjoyable. Daniel's speech improved significantly during the nine months of speech therapy he received.

We see so much improvement in our daughter's abilities from when she first started seeing Physical Therapist Gabriella. The work they do together is so important and we appreciate Gabriella very much.
