

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

We are finding this program and Speech and Language Pathologist, Michelle to be very beneficial for our son Timothy. We have seen such improvement in his speech and even behavior. He is able to express himself more now verbally. We really appreciate all the Major Project and Michelle has done for us and continues to do for us. Great Program!

We thank you very much for your service. We appreciate all the work Pediatric Vision Screener Wyomi did with our children. She is extremely professional and kind with the students. She is punctual and brings all she needs at once. At the same time with all our heart we express our gratitude to the California-Hawaii Elks Major Project for its support all these years. We truly value the vision screening service.

Occupational Therapist JanDee has been a powerful force of change in our child's life. I can honestly say he would not be where he is today in his life without her. Our son has made huge strides with JanDee's help! We are very grateful!

Speech and Language Pathologist Jocelyn is a great person and very good with kids. She does her sessions in a way kids enjoy and learn. She was great at holding my daughter's attention during therapy sessions and support her on hard days in a loving, playful way. She's so knowledgeable and was so wonderful.
