

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Physical Therapist Lisa does great with our daughter. Lisa is gentle and kind but pushes Kallie to go beyond what is comfortable to make her work. Lisa gives breaks and time to get hugs from mom when it's just too much. Lisa includes Kallie's siblings, whenever possible, so they feel special and included. She gives us homework to work on each week and is excited when Kallie reaches a milestone.

JanDee is a wonderful Occupational Therapist! She's focused and keeps Caeden on task. We have seen more progress in a few months, then years of therapy from other therapists. It has been a blessing to have discovered JanDee. We are so grateful for her and your organization.

We could not be happier with Hedley, Speech and Language Pathologist, and the services she provides. Therapy is always fun, engaging, and she has detailed explanations about progress. I love the "homework" part that gives us games to play throughout the week.

Pediatric Vision Screener Camille is very kind and easy to work with. She's great at communicating and is always punctual. Camille works great with all of the children in our program. The children feel very comfortable with her, which is very important. We look forward to working with her in the future.

Occupational Therapist Jamie has been amazing. She is so patient with Eden and gives great suggestions for any problems. Eden has improved so much over the year with her. Jamie sets realistic goals and tries every session to reach those goals; even if it means trying many different routes to reach them.

Physical Therapist Rosana is awesome! She is knowledgeable, explains each therapy activity, why she's doing it, and how to implement it at home. She is courteous, kind, and professional. She has been an excellent addition to Calvin's team and he adores her. Thank you for all you do Rosana!

A coin a day so they can walk, talk, see and play!
