

WEBSITE Navigation Tips

The CHEA website, www.chea-elks.org has two tabs in the header, under which information and materials can be found- Committees and Youth Activities

“Committees” provides a grid menu to go directly to the program by selecting the box. It goes directly to the chairman’s page and holds information specific to that program. Available are direct links to elks.org information and downloadable documents and manuals. (tip)-for trouble getting a blue link to open, try using “control-click”)

The Youth programs listed below have their own District and lodge chairman, but all the activities fall under the “Youth Activities” umbrella, and should be reported with the lodge Youth Activities quarterly report.

Youth Activities

Americanism

Drug Awareness

Hoop Shoot

Scholarships

Scouting

Antlers

Grand Lodge Brochures

The other “Youth Activities” heading is a drop-down menu with additional information and links for these programs, and has recently been updated.

The CHEA website has links and direction to information on Youth Programs as well, and links to downloadable and printable program brochures and certificates. (tip)-Many of these links take you directly to elks.org, so it is suggested to logged in first

Going directly from elk.org, use the blue drop-down menu to “Grand Lodge” and select “Officers and Committees” and select “Activities Committees”; again, from the left hand, menu, select “Manuals”, “Programs” or “Forms and Certificates” for the information you need. All manuals are available from the home page Header “Members Only”.

For help with navigating the sites, or have trouble finding the information needed, please contact your District Chairman.
