Theme Brothers**

Become a
Legacy Giving
Participant

The Commitment Trust

The Commitment Trust is a Charitable Remainder Unitrust (UT) that pays you 7% of the trust value each year as long as the donor or spouse is living. When both of you have passed on, the value of the trust is transferred to the California-Hawaii Elks Major Project, Inc. program to help disabled children. There is a \$10,000 minimum to establish a commitment trust.

Based upon your ages, a \$10,000 Commitment Trust will create an immediate income tax deduction. The final figure depends upon the timing of the trust since your ages and IRS monthly factor impact the deduction calculation. In addition, you will receive an annual income of about \$700 initially.

Giving, Receiving and Preserving

- Lifetime Income
- Income Tax Deduction
- Avoidance of Capital Gains Taxes
- Reduced Estate Taxes
- BLT Recognition
- Tax Sheltered Growth
- A Gift Commitment to CHEMPI
- Help for Disabled Children

An Estate Gift

What is a Bequest?

It is a gift by your will, usually a clause in your will, that bequests money or other property to your heirs or selected beneficiaries, e.g., your favorite charity.

What is a Living Trust?

It is a document in which a person (trustor) leaves property to another (trustee) for the benefit of another during your lifetime, you have created a LIVING TRUST.

What can you do?

You can remember the California-Hawaii Elks Major Project, Inc. in your will or living trust. If each of us would remember the Major Project, a pool of millions of dollars would be available for the treatment and care of children with disabilities.

What can you do?

If you do not have a will, have one prepared for you by your legal advisor, naming the California-Hawaii Elks Major Project, Inc. as one of the recipients of your estate. If you have a will or trust, your attorney can add a codicil (change) or amendment naming the California-Hawaii Elks Major Project, Inc.

CHEMPI Legacy Giving

Powered by Bequests and Living Trusts

The Bequests and Living Trust (BLT) was not begun as a replacement for the Piggy Bank Program but to work hand in hand with it. It is a safety net for the future ensuring that we can continue to help the children served by the Major Project.

Over 14,000 therapy sessions annually for children with disabilities are provided by our 24 therapists.

Over 61,000 children with disabilities have received therapy from the Major Project since it was formed in 1950.

Over 125 children are on waiting lists for therapy services from the Major Project.

Over 50,000 children each year have their vision screened by our ten pediatric vision screeners. Each year through the screening, over 2,000 children are referred to an eye specialist for possible "lazy eye" and other vision problems.

Over 1,700,000 children screened for vision problems since 1965.

Over 500,000 miles are traveled annually by our therapists and pediatric vision screeners to service the children.

Create a Legacy helping our Children, Walk, Talk, See & Play
