

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Emily is an incredible Occupational Therapist. She connected so well with Milo and our whole family. She ensured we were up to date on his progress and helped us learn how to best support Milo in between sessions. He is a new kid thanks to her therapy. We are so thankful for her.

Mariel is a true blessing to have as our daughter's Physical Therapist. She is always going above and beyond to find new ways to treat her based on her needs and what we have available to us. She is fun and positive and gives us great tips to implement between sessions!

We love Speech and Language Pathologist Jocelyn B. I love this program; it really helped Dylan grow. Jocelyn is amazing, she is my angel person, she is part of the family. I love to work with her. She is flexible and very professional. Thank you so much for everything she has been doing.

Physical Therapist Lisa has been a consistent and caring provider for Freya. She has always taken my concerns seriously and helped me to navigate the system to get the care we need. Having Lisa come to the house has been convenient and better than going to the clinic. Thank you so much for this program.
