

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Physical Therapist Lisa is incredible! We credit her with the rapid progress that Elsie has made. We cannot praise her enough!

* * * * *

Lisa, Pediatric Vision Screener, is very accommodating and works well with kids. This is a good program for children, especially those parents who are very busy and do not have time to get their children to get their eyes checked. We are very appreciative of this service for our students!

Speech and Language Pathologist Hedley is an amazing SLP, and we are so grateful to get to work with her. She finds new and exciting ways to motivate and engage Taylor to speak/find her words. Taylor looks forward to Tuesdays and Fridays because she gets to “play” with Hedley. Hedley also takes the time to explain techniques and concepts to me so we can work on them at home or also if I need to convey the strategies to other caretakers and family members. I could write an entire essay on all the ways in which Hedley goes above and beyond. We love her so much.

Occupational Therapist Chrystalyn is amazing! We love her and will miss working with her. She not only helped my daughter, but she helped me learn so much. She is a very caring individual, and you can tell she loves working with your child. She goes above and beyond. Thank you, Chrystalyn, for all you have taught us!

We appreciate Lea, Physical Therapist, she has not only helped our daughter with informative physical therapy goals, but tailored her program to the specifics of our needs and situation.

A coin a day so they can walk, talk, see and play!
