

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Physical Therapist Lisa has been supportive and respectful! Elias loves working with her and has made great progress due to their positive relationship. We love how Lisa is very personable and professional. She is super positive and always provides the best service. With her services and support our child has gotten stronger. She is awesome!

Since Speech and Language Pathologist Jocelyn A. started therapy with my child, she has improved and has become more confident to speak with family, teachers and classmates. Jocelyn has been understanding, calm and direct with our sessions together. She is very easy to talk to, ask for guidance and express her years of teaching in our sessions. We appreciate all her help for my child and including me and my husband on how to teach Kai'ao in the way she learns best. Mahalo Piha for all the hard work and aloha!

I have nothing but absolute appreciation for Speech and Language Pathologist Hedley's services. Not only did my son's speech and articulation improve in a short period of time, she also gave me tools to use at home to keep working on different exercises. Finally, she kept the sessions really fun for my son and had him looking forward to them.

Thank you Pediatric Vision Screener Molly, you are very kind, friendly and professional. Molly is also flexible to come a second time to screen a second time for the remaining of the children.
