NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Pediatric Vision Screener Dina is always very professional and does a wonderful job. She really communicates well with the children and makes the screening fun for all the children. We really love this program for our preschool kids. This program is polite, professional, and needed.

We can't say enough about Physical Therapist Lisa. She is amazing with Harrison (even with our daughter who likes to interrupt sessions). We are so grateful she could come into our home and help Harrison with his tip-toe walking. We will be forever grateful to her. Thank you so much!

Pediatric Vision Center Wyomi is wonderful! She has been in our preschool for four years. It has been very beneficial to our children and families to have knowledge of their child's eyesight. We look forward to having Wyomi again next school year. Thank you Wyomi for doing such a great job with our children here at Lighthouse.

Speech and Language Pathologist Jocelyn A. is a great pathologist. She made Piko have fun while learning. He looked forward to her speech sessions. Jocelyn is very personable and answered any questions or concerns I had. Thank you Elks for servicing my son and being able to come across Jocelyn. You are much appreciated.

Jamie, Occupational Therapist, is very astute at assessing Chloe's needs as well as her tolerance for therapy. She has been able to establish a therapeutic relationship with Chloe and is able to push and gives us a clear sense of what goals war should be working on to address her deficits and meet developmental milestones, as well as practical ways to achieve them. Jamie is very nice as well. We are so grateful for this service!

I feel happy with Physical Therapist Rosana because she does the therapy very well with my daughter. I have seen a lot of changes in my daughter since she started therapy. My daughter has started doing more than I thought. I feel very grateful for this program and Rosana. She is a great help to my daughter.

A coin a day so they can walk, talk, see and play!
